with Elizabeth Graves ... A Gathering of Gaits

Elizabeth's Clinics are well known and popular through the United States and Canada and Europe. She works through positive reinforcement for the horse and rider. Clinics are about complete and higher level of horsemanship in which to empower the horse owner with as much knowledge as possible in achieving a positive and complete relationship with their horse. She has been the gaited clinician for previous Maryland and Pennsylvania Horse World EXPOs and the Virginia Equine Extravaganza in our mid-Atlantic region, plus many other such events around the country. Clinics are geared for all levels and experience of riders from beginning to very advanced levels.
